

TCMG Meeting May 07

Don Wear was great. Thanks Lynda for getting him for us. In now know what roses will work for me.

Court Square: Carolyn reported that several MG are keeping this area clean and tidy.

Hwy 51: Juanita also reported the signs are doing well. Several have stopped to just look or have noticed driving by.

Covington Museum: Shery and Lynda are heading up this project. They will meet and come up with a short term strategy for this year and try to develop a long term for the next few years. The Museum has 28 acres of mostly under maintained property. There is a nice paved woodland trail that meanders through out. A pond on the low end was put in several years ago. We as MG have a lot of potential planning/designing and work cut out for us. I really believe this is one of Tipton County's most missed site. With our help we can make it even more.

City Park Playground: We will work in conjunction with the Covington Garden Club on keeping this are up. Elaine Crown who is one of our Interns and is also a past president of the Garden club is heading this up. She will keep us posted as to what is needed from the MG group. Thanks Elaine.

Lucy Garden club is having a sale on Saturday May 19th. If someone has more info on this please mail to group.

Herb Festival: May 26th and 27th. Contact Robin Ferrel about signing up for this event. Robin: please send out your email or contact number if you want.

Carolyn Cooper was kind to send me the following Information on it.
